- 26 Rotaractors
- StandAlone Project

SUMMARY OF THE PROJECT

Rtr.Shammu and group organized Treasure hunt for the Rotaractors of RSCM. Rotaractors were divided into two groups. The first Clue was with the organizers. Later it continued, Both the groups participated very enthusiastically. They had to run up and down in order to find the chits and also to solve the riddles. Later they reached the end. The Treasure was placed into a pot and it was filled with water and flowers. It was hung on top of trees. The members had to break open the pot in order to find the treasure. They were blind folded too. So each member had turn and finally Ramya one of our rotaractor broke the pot. The treasure was a key chain for each members.

It was time for refreshments. We made rotaractors to cut cake who had celebrated their birthday in the previous month and in September. Cake, chips and cool drinks were served and all enjoyed and had lots of fun. It was really a great day and had a great time together.

SUMMARY OF THE PROJECT

We visited the Old age home on 24th September on Saturday in Kithaganoor. Transport facilities were provided. We reached there by 4:30pm in our school van. Nearly 20-25 of our members went there. There were approximately 60 inmates. The place was neat and hygienic. We started with a prayer song around 4:45pm. Later we moved on interacting with them. We asked them whether they liked being there? For how long they stayed? Were their needs fulfilled? And most of them gave a positive answer. Some were depressed and ashamed of having such children who did not take care of them. We were surprised to know that two to four inmates conversed in English.

Later we made them dance, sing and they enacted a small play. Our Rotaractors Pravalika, Nagaveni and Akshala performed dance.

Finally we made a few cut the birthday cake saying that we are celebrating every inmates birthday. We served them bondas and kheer.

We also gave them two blankets and some used clothes.

They enjoyed being with us and had a great time. They also requested us to visit often.
